

Many thanks for your help with the First Subsea Ltd supplier approval audit last week. I can confirm that First Subsea Ltd is now an approved supplier to both NKT Flexibles & Acergy Group. Your company has, once again, showed a level of customer service that not only meets but exceeds our expectations. Your systems are a credit to the way your organisation is run, and that is something you should all be proud of. I'm sure that this will not be the last time you see representatives from NKT Flexible and Acergy Group, as they also source machine shops in the UK.

Also Trelleborg Ltd who, are not only a customer, but a partner of First Subsea Ltd, also completed an audit of CTL during the visit. Trelleborg confirmed to us that they have internally proposed CTL as a recommended supplier. I'm sure you will also be hearing from them within the next few months.

I hope that all the hard work and preparation for the visit proves fruitful for not only First Subsea Ltd but also for CTL.

Thanks once again for your time and good luck for the future.

*Project Engineer/Quality & HSE Manager*
